March 27, 2009

To: Indiana ATR Providers

From: Eric Scott, Program Manager
Indiana Access to Recovery

Re: Memo 015 – Changes to Client Cap and RC Rates

CLIENT CAP INCREASE

In consideration of current expenditures and enrollment, it has been determined that resources are available to increase the maximum expenditure per client. Effective March 26, 2009, the overall client cap will increase to \$2,000. These additional funds will allow clients to access additional ATR services. Please refer to the revised ATR Rate Sheet attached to this memo for specific service cap changes. Please remember that caps are subject to change.

RECOVERY CONSULTATION RATE CHANGES

To emphasize the importance of the GPRA Follow-up and to acknowledge the difficulty of locating the clients and completing the interview, Recovery Consultation rates have been adjusted. These changes are reflected on the attached revised ATR Rate Sheet.

Rate changes, effective March 26, 2009, are as follows:

- Intake Interview: one unit = \$12
- Intake Administration: one unit = \$6
- Follow-up Interview: one unit = \$16
- Follow-up Administration: one unit = \$8

Thank you,

Eric Scott
Program Manager
Indiana Access to Recovery, Division of Mental Health and Addiction
